## International Ministry Development Occasional Update June 2021

Dear Leaders,

Greetings in Jesus' precious name!

The current season has been one of the most exciting times for the worldwide Haggai ministry. The ministry is on the right trajectory both in terms of strategies and growth despite pandemic infused challenges. Let's join hands together in Ending Gospel Poverty!

You would be glad to know that:

1. In last six months, Haggai national ministries have equipped over 1,200 leaders in about 25 countries of the world through Virtual National Seminars (VNS).
2. The international Virtual Haggai Leader Experience (VHLE) sessions are going on in full swing. We have recently adopted trimester system in hosting the sessions, which means in every quarter of a year, several sessions will be held concurrently. Currently seven VHLE sessions are going on which will be ending by July'21.
3. Haggai's goal of equipping one million leaders in this decade of 2020-2030 is gaining momentum through virtual highway. We would plead you to consider urgently enhancing this movement at the national level.
4. To facilitate inclusion of more qualified leaders into the VHLEs, some of the criteria, like age limit and fee have been changed for good. Please go through the attached VHLE qualifying criteria. We would once again like to request the leadership of Haggai alumni associations to recommend leaders for VHLEs.
5. Our Regional Representatives are now working with new vigour with a newly launched Haggai marketing tool. We would also like you to recommend some selection volunteers to identify qualified leaders from your countries. You may let know your respective Regional Representative for this purpose.

Together, we can end Gospel Poverty!

**Sundar Sangma**

Vice President, International Ministry Development
